**NOTES**

**# The turnaround time refers to the maximum number of working days from receipt of sample and reporting results.**

**✘ In order to ensure that we have the reagents in stock, a five-day turnaround time only applies to the Sheep Scab ELISA if the samples have been booked in, in advance, two weeks earlier.**

**\$ We are a United Kingdom Accreditation Services (UKAS) accredited laboratory, and these tests which are marked with '\$' are accredited to the internationally recognised ISO/IEC 17025 standard for laboratory competence.**
